DEPARTMENT OF REVENUE ADMINISTRATION

October 20, 1975

Selectmen of Charlestown
c/o William R. Potter, Chm.
Town Office
Charlestown, New Hampshire 03603

Gentlemen:

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1975 taxes on the basis of the following figures:

Net Assessed Valuation	16,846,945.00
------------------------	---------------

Taxes Committed to Collector:

Town Property Taxes Assessed	\$993,969.75
Precinct Taxes Assessed	

Total Gross Property Taxes	\$993,969.75
----------------------------	--------------

Less: Est. War Service Tax Credits	18,600.00
------------------------------------	-----------

Net Property Tax Commitment*	\$ 975,369.75
------------------------------	---------------

Tax Rate	\$ 5.90
----------	---------

* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriations.

The net amounts approved for school and county are as follows:

Net School Appropriations	\$ 829,840.51
County Tax Assessment	58,360.92

In arriving at the above approved rate the Overlay has been set in the amount of \$6,625.99.

Very truly yours,
Lloyd M. Price, Commissioner

THE SILSBY FREE LIBRARY BOARD OF TRUSTEES ANNUAL REPORT

1. The key point of interest for 1975 was the proposed addition to our library. The prospect of a sizeable grant from Housing and Urban Development. (HUD), inspired a full scale try for this much needed extension to the present structure. Under the direction of Martha Frizzell and Avis Laramie, a large enthusiastic committee was formed with the following: George Moulton, building chairman; Eric Lindblade, fund raising chairman; James Hearne, publicity chairman; and Barbara Freese, promotion chairman. Most encouraging is the possibility of matching funds from the Bureau of Outdoor Recreation and Council for the Aging. \$500 was generously donated by the Charlestown Woman's Club for the fund raising brochure.

2. Since the HUD appropriation is contingent on incorporating a community center, we have included a complete floor at a lower level, that fortunately can be entered from the west grade. We plan a ramp down to a large meeting/dining room which will include everything needed for a complete facility, i.e. kitchen, workshop, etc.

3. Many of the basement window frames have been replaced, and at last we are able to report we have hot water. Other improvements have been made on a small scale, with all major repairs being deferred pending decision on the new addition. Hopefully the town will vote for Article No. 11 at Town Meeting to facilitate the above mentioned expansion which will of course include repairs.

4. The Library was honored to receive the Maude Prouty Bequests. Her fifty paintings of local scenes were framed by the Rotary Club and completed for an open house that was well attended; her gift of \$15,000 has been added to our trust fund. Other donations include \$24 from a book sale held by the Boys Scouts, a childrens' table and chairs from the Business & Professional Women's Club, and racks for paper back books from Henry's Pharmacy.

5. Martha Frizzell and I attended the annual meeting of the New Hampshire Library Trustees Association at Waterville Valley, and I attended the New England Library Trustees Association meeting at Wentworth-by-the-Sea.

Respectfully submitted,

Livingstone H. Elder, Chairman

REPORT OF THE CHARLESTOWN HEALTH OFFICER - 1975

After thirteen years of excellent performance as town health officer, David T. Henry, pharmacist, resigned his position to William B. Mates, biologist.

North Charlestown and Charlestown water wells were monitored and the analyses indicated that our wells met with the suggested limits of "safe drinking water" in our municipal systems. After October rains and flooding of Clay Brook the non-pathogenic coliform bacteria count was high. Constant surveillance indicated the water quickly returned to a safe count after the water subsided.

Septic tank overflow continues to be a nuisance and potential health hazard in areas where poor drainage and soil leaching are factors.

Mr. Earl Kinney took over the operation of the town land-fill in September. He reports that there has been no rodent problem this past year.

The town swimming pool, which monitors certain water parameters in place, reported no problems.

Work was completed by the writer as requested by USGA (United States Geological Survey) for finalizing data listing the major residence and transient public water supply systems. These are places serving drinking water to the public for non-municipal supply systems. Motels and restaurants are examples.

Inspections for three child day care and one foster home applicant were made at the request of the Claremont office of the Department of Health and Welfare.

The writer attended a weekend conference for New Hampshire Health Officers. The purpose and intent was to meet, discuss, and learn from each other. We deal in applied common sense and preventive medicine in order to keep potential health problems at a minimum.

Water and waste water situations in our township (as in all others in the USA) are subject to meeting clean water standards set forth by the State and Federal governments. We are confronted by Public Law 92-500 and our town must meet the 1977 discharge requirements set up by the Federal EPA (Environmental Protection Agency). Charlestown has permission to pollute the Connecticut River until June 30th of 1977 by authorization to discharge under the National Pollutant Discharge Elimination System (NPDES). Our town must have the waste treatment (lagoon system) effluent monitored for flow, biochemical oxygen demand, total suspended solids, settleable solids, and total coliform bacteria.

The above is mentioned so that the town citizens will inject some academic thinking and purchasing action toward a system that meets the 1977 requirements. A lot of new technical language is upon us and more is coming. EPA's administrator, Ruffell E. Train, has predicted that the National Commission on Water Quality will urge Congress to extend the 1977 goal for municipalities. Time is short, but all town residents must begin to realize that the health of all of us here and those to come is related to the air and water we use and discharge.

The health officer will be pleased to answer any written questions that fall within his capability.

William B. Mates
Biologist
Health Officer

**REPORT OF OVERSEER
OF WELFARE FOR 1975**

38 families received welfare aid at a cost of \$4090.19
5 single persons received welfare aid at a cost of \$611.86
Telephone costs were \$43.93
Reimbursements to the town were \$328.93
Net cost of welfare aid for 1975: \$4,417.05

A new program of reimbursing the town when able was initiated this year. It proved to be worthwhile and will be continued.

CHARLESTOWN MEDICAL BUILDING ASSOCIATION

Trustees: Charles Dalzell, Chairman; Ralph Stoddard, Vice-Chairman; and Barbara Freese, Secretary-Treasurer.

This has been an active year for the tenants of the Medical Building. Doctor Merriam has continued to lease the main building under the corporate name of the Charlestown Medical Center. Two other agencies, The Fall Mountain Visiting Nurse Association and the Child-Youth Program, have also operated out of the building. Through September, the Visiting Nurse Association shared the main building with utilities being paid by Doctor Merriam.

During the summer, the building was expanded to provide separate quarters for The Fall Mountain Visiting Nurse Association, a step made necessary because of their expanding role in the town of Charlestown and the surrounding communities.

Four bids were received for construction of the addition to the building with Normand Cobb of Charlestown awarded the contract for having the low bid. The addition was completed in late September and the additional space thus provided was leased to the Fall Mountain Visiting Nurse Association. The utilities for this section are separately metered and are paid for by the Fall Mountain Visiting Nurse Association.

The construction was financed by a loan of \$6,000.00 from the town of Charlestown and the balance from the Medical Building Association Funds, a part of which had originally been donated to the Medical Building Association by the Charlestown Grange with the hope that space would be provided in the building for the Visiting Nurse.

Respectfully,
Charles J. Dalzell, Chairman

REPORT OF THE FALL MOUNTAIN VISITING NURSE ASSOCIATION

December 31, 1975

In 1975 the Fall Mountain V.N.A. made **2478** visits and, in addition, saw **216** patients in cancer prevention and blood pressure clinics. This is a total of **2694** patient services, **90%** more than were provided in 1974. A total of **363** different individuals were serviced in 1975, which is **6%** of the population of the four-town area.

Since activity far exceeded what was anticipated, the proposed budget of \$29,289 for 1975 proved unrealistic. Total expenditures by the Agency in 1975 were \$37,637.22, \$8,348.22 more than had been planned for. It was able to meet expenses through reimbursements by patients, government agencies, miscellaneous gifts and the \$2.00 per capita, contributions made by the four participating towns.

Contributions by the towns are a significant part of the V.N.A. budget, enabling the Agency, in particular, to serve those patients who are ineligible for reimbursement by Medicare, Medicaid and private insurance. A breakdown of the sources of income during 1975 follows:

Medicare Payments	47.18%
The Four Towns (\$2/capita)	31.53%
Patient Payments	11.99%
Medicaid Payments	6.52%
Miscellaneous Income - Memorial Gifts, Interest, Commun. Dis., Contributions	2.78%

Distribution of services by the Agency for the year is shown in the chart below:

Town	# Nurse Visits	# O.T. Visits	# Pts. Seen in Clinics
Acworth	230	1	37
Alstead	332	81	60
Charlestown	1507	104	79
Langdon	203	20	40

For 1976 the participating towns are requested to contribute \$1.50 per capita, instead of the \$2.00 assessed in 1975. It is possible this will not totally underwrite the Association's non-reimbursed costs, but in that event the Board of Directors will seek other sources to fund the balance.

(North Walpole, in addition to Acworth, Alstead, Charlestown, and Langdon, will receive V.N.A. services beginning January, 1976.)

Respectfully submitted,
Katherine Frazer, Director
Fall Mountain V.N.A.

CHARLESTOWN VOLUNTEER AMBULANCE SERVICE

The Charlestown Ambulance Service made 175 responses in the 1975 calendar year.

It was found after receiving our new ambulance in 1974 that we must keep the old ambulance as a back-up unit and this has been invaluable to us as we have had to use both units 15 times in the past year. This also gives us a back-up unit when our first run vehicle is out.

We have requested funds this year to equip it with a hospital emergency radio to allow us to communicate with the hospital in an emergency.

The new fire and ambulance station has worked out very well for us as we can now conduct training drills and maintenance on the vehicles in one place.

Necessary repairs and maintenance work was done on the vehicles to keep them in top operating condition.

A summer training program was conducted with a mock automobile accident staged in late summer to wrap up the training program.

We also had a full day training seminar in conjunction with the fire dept. this fall that was very beneficial.

Five of the members took the New Advanced First Aid Course and two persons were graduated as Emergency Medical Technicians.

The entire squad was recertified by the Vermont Heart Association in C.P.R.

Members also attended various seminars at Springfield, Vt., Hanover, N.H. and Concord, N.H. Hospitals.

Various equipment has been added throughout the year to maintain State License Standards.

At this time I would like to extend my sincere thanks to the Fire phone operators, members of the Police and Fire Depts., and most of all the members of the ambulance crew who give much of their time and energy to providing the town of Charlestown with ambulance service.

Respectfully submitted,
Gary R. Wallace

REPORT OF HIGHWAY DEPARTMENT

During the past year all the regularly maintained gravel roads were graded and gravelled as needed. We used 10,260 yards of gravel in maintenance this past year. New culverts were put in where needed on Bailey Hill, the Sam Putnam Road, Hemlock Road, Hackett Swamp Road, Meany Road and on the road past Ruggerios.

We used 169 tons of hot top and 196 tons of cold patch this past year. Some of this hot top was used in forming ditches to control run-off on hills.

Due to the rapid escalation of costs we did very little oiling. Funds permitting, we plan to start a systematic resurfacing program in 1976.

We had two problem areas as a result of heavy rains. One was the culvert near George Blake's, which has been repaired for light traffic. The other area was a bad slide which took some of the highway near Ernst Dierks. This has been partially repaired.

Our TRA project this year was Cummings Avenue. This was excavated, gravelled and resurfaced.

I have filed a complete daily report which is on file in the Selectmen's office.

Roy G. Nelson, Road Agent

REPORT OF TOWNS

BY DISTRICT FIRE CHIEF AND FOREST FIRE WARDEN

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a.m. and 5 p.m., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.

POLICE DEPARTMENT REPORT – 1975

This year was an active year for this Department.

A total of 361 Summons were issued for various Motor Vehicle and Criminal Acts. Arrests for the year were one hundred. Thirty Three of these were for Operating Under the Influence of Intoxicating Beverages, the remaining summons were for various Motor Vehicle and Criminal Acts.

There were 225 Criminal Acts committed, including Assaults, Criminal Mischief, Criminal Threatening, Burglaries, Thefts, Indecent Exposure and Drugs.

Town Ordinances: 48 Warnings were issued for Illegal Parking, 9 summons issued for Illegal Parking. Six Warnings were issued for Drinking in Public.

Under "Other Services Rendered," which includes taking Fingerprints, delivering Emergency Messages, Escorting Funerals, helping Depressed Persons, Family Problems, Checking Vehicle Identification Numbers, plus Assisting other Police Departments, this Department performed 1710 separate acts. Seventy Six alarms (security) were answered. 9646 Security Checks were made throughout the year on public buildings and Businesses. A total of 1992 checks were made on private homes through the year, (people on vacation, hospitalized, etc.). Total complaints that came into the Department by phone or personally were 1401.

Police Reserves donated a total of 51 hours this year, Memorial Day, Bike-Athon Day, Fort Muster Day and working for a Police Officer who was out because of illness.

Juvenile Activity was up this year compared to the year 1974.

Cruiser report: 1973 Ford Torino Cruiser had a total of 21,786 miles put on it from January 1, 1975 until May 23, 1975. On this date, we put our new cruiser into use, a 1975 Pontiac. A total of 33,045 miles was put on the new cruiser from May 23, 1975 until December 31, 1975.

RECREATION COMMITTEE

1975 was a year of few drastic changes in the activities of the recreation committee. However, there was a substantial increase in the number of people using the facilities.

The Recreation Area (the area around the new swimming pool) was enthusiastically used by an average of 150 children and adults daily this past summer. Several new picnic tables and horseshoe pits were welcome additions to the area. The newly organized Swim Team made an excellent showing in meets against Claremont and Londonderry, Vt.

Other recreational activities this past year were the continuing programs of boys and girls 5th and 6th grade basketball on Saturday mornings during the winter. Also, adult male and female basketball, and coed volleyball were played one night each week in the Junior High gym. The town common was again maintained this year by the recreation committee, with its uses being primarily ice-skating, basketball, and tennis.

The Committee also contributed substantially to the Charlestown Junior Baseball League. This league is a private entity with over 175 boys and girls participating the two months of summer. Their activities culminate with a tournament attended by 200 people and involving teams from the surrounding areas.

The year was very successful, yet as the size of our community continues to increase so do our needs to satisfy that growth. The involvement of our young people in these activities is certainly indicative of their needs and our necessity to support them.

Jeffrey Lessels

SPECIAL BICENTENNIAL COMMITTEE REPORT

The Bi-Centennial Committee, most ably chaired by Walter & Isobel Palmer, is pleased to report to all citizens that Charlestown has been declared as an official American Revolution Bi-Centennial Community, and will be receiving a Bi-Centennial Flag from the U. S. Government.

In order to qualify for this honor the town has had to meet requirements in three general areas: Heritage '76, Festival '76, and Horizon '76. While activities and events supporting these three areas will be carried on throughout the summer, the main thrust of events is scheduled for the weekend of August 7 & 8, 1976.

Already planned activities fulfilling the Heritage '76 category are a Muster Day at Fort No. 4, and a Charles Hoyt play, "Midnight Bell", performed the nights of August 5 & 6, 1976 under the direction of Don Purinton. The Muster Day will be held in July and will highlight the life and contributions of General John Stark. Related events will span several days.

Old Home Day - Alumni Day Celebrations, including a grand parade, banquet, barbeque, food sale, craft exhibits, displays, tours, and many other activities yet being planned, satisfy the Festival '76 requirements.

All moneys earned by organizations during this time will be donated to the Horizon '76 project, which is a long overdue addition to the Silsby Public Library. It is hoped that Federal Funds, in addition to private donations, and moneys earned by town organizations will assure success of this endeavor. Town histories will be on sale at the library.

The committee is most grateful for the support, many helpful suggestions for events, and willing help from every organization and citizen contacted! A regional concept of communities working in effort will draw all people of our area together to give this birthday of our nation a celebration and dignity which it deserves.

Respectfully submitted,

The Charlestown Bi-Centennial Committee

ANNUAL REPORT OF THE CHARLESTOWN PLANNING BOARD

The Planning Board has had an extremely busy year with many special meetings, besides its two regular monthly meetings.

We have acted on seventeen different sub-divisions this year and developed a Building Code for the Flood Plain area of Charlestown, to qualify Charlestown for Federal Flood Hazard Insurance. We also proposed a Building Permit system for the balance of Charlestown. These were voted upon and accepted on September 16, 1975.

The Planning Board is proposing a complete new Zoning Ordinance which has been discussed at many hearings. This ordinance will be on the Official Ballot only and will not be discussed at Town Meeting. (By State Law)

Your Planning Board meets the first and third Tuesday of every month. The meetings are open to the public, please feel free to attend.

Respectfully submitted,

Normand R. Beaudry, Chairman

**REPORT OF THE
ZONING ADMINISTRATOR AND
BUILDING INSPECTOR**

The Town of Charlestown changed the Zoning Ordinance at the 1975 Annual Town Meeting requiring a Zoning Administrator to be appointed by the Selectmen to Administer the Ordinance. It included issuing building permits in the zoned parts of town without a person waiting until the Planning Board meets.

Only eight permits have been issued, but a lot of time has been spent answering questions people ask. People want to know if they live in a zoned part of town and what they can, or cannot do where they live and how to get a variance for a use not allowed in the ordinance.

In September, 1975, the Town passed the Flood Plain Building Code and a Building Code for the rest of the town which required the Selectmen to appoint a Building Inspector to issue the permits from September to December 31st. I have issued nineteen permits but have spent time talking to people about whether they need a permit or not, to build what they want to build, and making sure they get a Site Plan Review from the Planning Board for commercial building.

The job has been made as easy as possible because people ask questions and get permits and I have had to track down but very few.

I wish to thank Leonard Gray for being my Deputy and doing a first rate job when I am out of town. I also wish to thank Eleanor Streeter and Mary Gray for the secretarial work and the Planning Board and Selectmen for always having time to listen and help make a decision on the interpretation of the Zoning Ordinance or Building Code, also, the Zoning Board of Adjustment for holding hearings promptly for people I send to them for variances.

Respectfully submitted,
Oscar J. Makinen
Zoning Administrator-Building Inspector

CHARLESTOWN CONSERVATION COMMISSION

Among the various duties of conservation commissions, the ones concerning land acquisition and conservation management of town lands are the ones that the Charlestown Conservation Commission has largely stayed away from. 1976, however, will hopefully see an end to this. To get started the commission is asking for \$5,000 to use for land acquisition. This money may or may not be spent during 1976, depending on the availability of land suitable or desirable for future town conservation and recreational needs. However, this money, by law, can be accumulated by the Conservation Commission for use in future years so that when a desirable piece of land becomes available, the commission is in a position to act on it.

1976 will also see the beginnings of a community garden in Charlestown where residents who don't have land available to raise vegetables for home use will be able to use gardening plots. This project is being jointly sponsored by the Charlestown Conservation Commission and the Grange.

One function of the Conservation Commission is to review dredge and fill permit applications for our town and comment on the environmental impact of these dredge and fill activities. This past year we reviewed several with no serious objections.

The commission has been on the lookout for violations of environmental protection laws and has made several suggestions to appropriate state law enforcement people. Violations of the dredge and fill law, timber cutting and slash laws, and scenic road cutting prohibition have been reported.

Respectfully submitted,

Members of the Charlestown Conservation Commission

FINANCE COMMITTEE REPORT

At our first meeting Rodney Adams was voted Chairman and Lillian Babbitt Secretary. The Highway, Fire Dept. and Ambulance budgets were discussed. Fire Department budget of \$12,000 was approved. The Highway and Ambulance budgets to be taken up again at our next meeting.

Motion to adjourn at 10:20, next meeting set for Sunday, Jan. 25th at 6:30 P.M.

On January 25th Finance Committee Meeting was called to order at 6:55 P.M. Eleanor Brown acted as Secretary Pro-tem in the absence of Lillian Babbitt. Budgets for different departments were reviewed and amounts approved for the coming year. The next meeting was set for Sunday, January 30th.

On January 30th the Ambulance budget was reviewed again and a final figure of \$6,185.00 was approved. The balance of the budget requests were discussed, also the articles for the Warrant.

Respectfully submitted,

Lillian M. Babbitt, Secretary

IN MEMORIAM

We, the Selectmen of Charlestown, hereby dedicate the 1975 Town Report in our bicentennial year, to the memory of Arthur H. Streeter and Herbert Streeter, father and son, who were both longtime, faithful servants of the Town in which they lived and worked.

William R. Potter
Wm. N. Cooper
Ted H. Putnam

The Board of Selectmen wish to thank all officers, departments, committees and civic groups for their generous contributions of time and energy. It is unselfish giving such as this that makes our town such a desirable place in which to live.
